Dear Jake and Stephen,

On behalf of our membership and leadership of the Greater Albuquerque Chamber of Commerce, we wish to express to the Orlando business community and community-at-large our deepest condolences for the unimaginable loss experienced over the weekend. There are truly no adequate words to convey the sadness we feel for your community and the families of our fellow Americans who lost their lives. It is difficult to come to grips with the magnitude of the senselessness and horror of this act. We've watched from the periphery over the last two days as this act of terrorism has unfolded and we want you to know that we are here, to acknowledge the loss with you, and offer our support as your community works through this time of incredible heartache. We are encouraged by, and you should be proud of, the way that the people of Orlando quickly rallied to donate blood and offer aid where they could to those who were injured—evidence of the human spirit that will always rise from the ashes! It is through their good efforts that many lives were saved. You all are, and will continue to be, in our thoughts and prayers.

Your friends in New Mexico,

Elizabeth Shipley
Chairman of the Board
